

## Deerfield Woods HOA Pool Access Update

**Dear Deerfield Woods Residents,**

We're excited to introduce a new RFID pool access system for the upcoming season. This upgrade will make access more convenient for residents while helping us better manage pool usage, maintain cleanliness, and ensure a safe and enjoyable environment for everyone.

Please review the important updates below regarding your new pool access card:

- Each household will receive one RFID pool pass.
- This card is permanent—there will no longer be a need to complete pool pass forms each year or receive new passes annually.
- This system allows us to monitor access electronically without adding staff, enabling lifeguards to focus on safety and pool upkeep.
- Access will be granted only to members in good standing. Your pass will not function if HOA dues are unpaid or if it has been suspended due to pool rule violations.
- Pool hours are:
  - Weekdays: 12:00 PM – 8:00 PM
  - Weekends & Holidays: 11:00 AM – 8:00 PM
  - Season: Saturday before Memorial Day through Labor Day
- If your pass is lost, stolen, or needs replacement, the cost will be \$25 plus \$1.27 for postage.
- If you sell your home, please leave the pass for the new owners. Otherwise, they will need to purchase a replacement.
- Do not allow others to “tailgate” or enter without scanning a valid pass.
- Homeowners should be present when guests are using the pool. If you lend your pass to a guest, you are responsible for their actions.
- The system keeps an electronic record of all entries.
- If your pass is lost or stolen, please contact Sean. We appreciate your patience while a replacement is issued.

Thank you for your cooperation and for helping us make this a smooth and successful transition. We believe this upgrade will improve the experience for everyone in the community.

Sincerely,  
Sean Grandage  
President, Deerfield Woods HOA
